## Summary

- > I am a student at Oakland City university. I am a computer science major and a criminal justice minor.
- > I started my own brand known as (Traveller unknown) with the idea that I and anyone else could reinvent themselves. Start a fresh and find out who you are out there.
- > I have been in a position of leadership and still am with responsibilities that I do take seriously
- > I have skills in HTML , Graphic design, Online marketing and also web development.

## Experience

### Graphic Designer

Traveller unknown

Sep 2022 - Present (5 months)

I am a big fan of Travelling and seeing new places where I can start over afresh reinvent myself, try something new, be someone else as all part of adventure. This inspired me to start the Traveller unknown brand which I believe will grow and impact people who like the same idea.

### Work Study Student

Oakland City University

Aug 2022 - Present (6 months)

I work at the IT department. I help with anything involving computers and the school network in general

### Camp Instructor

Calleva

May 2022 - Aug 2022 (4 months)

I was a camp instructor. A position of leadership where I was responsible for a group of kids each day and also two staff members. I made plans for what to do for the day and also made sure they had fun. Me and my staff worked together to make sure that kids would want to come back to the camp the next time.

## Education

### Oakland City University

Bachelor's degree, Computer Science

Aug 2021 - May 2025

I am an active member of the students government where we make decisions and plans for activities in schools. we participate in running these events. As a residential assistant I work at the freshman dorms to welcome the new students, adapt and feel comfortable at the school. I use this position to become their first friend in school and encourage them to be outgoing and enjoy college.
